ADRIANO SAYS...

THERE ARE MANY VARIOUS TACTICS FOR BEING A
SUCCESSFUL DOUBLES PLAYER/TEAM. HERE ARE MY TOP
4 TIPS TO ENSURE SUCCESS:

- Choose a partner who's better than you in doubles (think about it, it's within the rules) LOL
- Take control of the net. The bigger the presence at the net, the more pressure you put on your opponents to make their shot. It's also easier to finish the point with a volley
- Run down and make a lot of balls back. This shows your opponents that you will not give away easy points and will most likely make them hit closer to the lines thus earning more unforced errors
- Have fun and enjoy the competition! Remember it's a game which is great for physical activity and social interaction.

ON THE MENTAL SIDE OF YOUR PERFORMANCE

In the game of sports, the body is the vessel, but the mind steers the course.

Tennis teaches us that every point is a new opportunity to turn the game around.
